

Letter of Recommendation GTI Visa Program, Australia

Date –

Subject – Letter of Recommendation for XXXXX

Kind review of –

Ministry of Home Affairs, Australia

Madam /Sir

It gives me utmost pleasure to endorse the candidature of my colleague XXXX. I have no hesitation in strongly recommending him for the coveted slot at the Australian GTI Visa Program as Martin has displayed dexterous skills akin to a potential technology leader and an astute professional. I have scrutinized his skills as his Manager at the XXXXX Labs Pvt. Ltd where he worked under my direct supervision during Jan 2019 – August 2020 as an Embedded Engineer.

XXXXX will always deserve a mention when evaluating my former colleagues for his exceptional work in creating a new architecture for Worldwide Invention Disclosure System (WIDS) and for his contribution in the New Product development for which the company has already filed a patent. Throughout my expansive career, seldom have I seen a professional with profound understanding of 'KAIZEN' and 'Six Sigma' Principals; for which he was given the well-deserved top award by the company alongside being a Star Performer at XXXXX for winning the Annual 'Hackathon'. Martin will always command my admiration for his resounding skills praxis

I have earnest adulation for XXXXX for his team working and leadership capabilities for which he was appreciated by all departments of the company. I am certain that he will deliver splendid results from the proposed privilege of the GTI Visa and contribute to the technology sector of Australia in the style of a savant, He has my candid recommendation and I wish him luck with his future associations. I will be delighted to address any queries that you may have regarding my recommendation or about the capabilities of Mr XXXXX.

Best Regards

XXXXX

Manager, XXXXX.
